

## CH300U-02LM-R 300mm Wafer Open Cassette

Pozzetta will protect your valuable products from particles, ESD damage, outgassed components, and high costs. Companies around the world trust Pozzetta to create secure environments for the semiconductor, electronics, and medical industries.

Dimensions	Features and Benefits	CR300L-01LF
<p>Capacity: 25</p> <p>Overall Size: 332mm (13.07in) x 310mm (12.2in) x 300mm (11.8in)</p> <p>Pocket Spacing – The distance between pocket center lines: 10mm (0.39in)</p> <p>Compatible Box – BX300-01PC</p> <p>Compatible handle – CH300-01</p>	<ul style="list-style-type: none"> <li>SEMI Standard Compliant (E1.9, E57)</li> <li>Selected materials provide dimensional accuracy, rigidity, superior outgassing properties, and heat resistance</li> </ul> <p><b>Material Description</b></p> <p>Polyethersulfone (PES) is a polymer of exceptional durability. It is a BPA-free plastic that is dimensionally stable over a wide range of temperatures, resistant to most chemicals, and possesses self-extinguishing properties.</p>
